Applicant : Nariyoshi Shinomiya et al.  
Appln. No. : 10/599,327 (unofficial)  
Filing Date : September 26, 2006 (unofficial)  
For : *c-met* siRNA ADENOVIRUS VECTORS INHIBIT CANCER CELL  
GROWTH, INVASION AND TUMORIGENICITY

Commissioner for Patents  
P.O. Box 1450  
Alexandria, Virginia 22313-1450

Dear Sir:

INFORMATION DISCLOSURE STATEMENT  
UNDER 37 CFR §1.97(b)

Pursuant to 37 CFR §§1.56 and 1.97(b), Applicants bring to the attention of the Examiner the documents listed on the attached Form PTO-1449. This Information Disclosure Statement is being filed within three months of the date of entry of the national stage in an international application.

Copies of the listed foreign patent documents and non-patent literature are attached. Applicants respectfully request that the Examiner consider the listed documents and evidence that consideration by making appropriate notations on the attached form.

The listed documents were cited in the International Search Report which issued from a corresponding European Patent Application. A copy of the International Search Report is included herewith. The International Search Report is not a reference, and Applicants do not necessarily subscribe to any of the statements contained therein.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If it should be determined that any of the listed documents do not constitute "prior art" under United States law, Applicants reserve the right to present to the Office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

Applicant : Nariyoshi Shinomiya et al.  
Appln. No. : 10/599,327
